SKILLS

- **Languages:** C++, C, JavaScript, React
- **Frameworks:** HTML and CSS, React.js, Node.js + Express.js, Angular
- **Tools/Platforms:** Figma, Adobe XD, MongoDB
- **Soft Skills:** Team work, Communication, Time Management, Adaptability, Problem Solving

SUMMER TRAINING

- **Full Stack Development using Mern Stack** Jun 24 – Jul 24
Completed an intensive summer training program focused on full-stack web development using the MERN stack (MongoDB, Express.js, React.js, and Node.js). Developed practical skills through hands-on projects and collaborative assignments.
 - Developed responsive and dynamic web applications with seamless user experiences.
 - Utilized React.js to design interactive user interfaces with effective state management.
 - Implemented MongoDB for database management, enabling efficient CRUD operations and data storage.
 - **Project:** Developed a full-stack ToDoList website application that enables users to add, edit, delete, and mark tasks as completed

PROJECTS

- **Travel Website** Aug 24 – Sep 24
built a travel booking app using React and TypeScript, styled with Tailwind CSS and ShadCN components. It integrates third-party APIs for real-time travel details and uses Framer Motion for smooth animations. A state management library manages user authentication and session handling efficiently.
Tech: React, Typescript
- **ToDo List Website** Feb 24 – Mar 24
Developed a web application that enables users to add, edit, delete, and mark tasks as completed. Aimed to improve productivity with an intuitive interface for efficient daily task management. Integrated backend services for task storage and implemented CRUD operations.
Tech: React, MongoDB, Express.js
- **Book Store Website** Oct 23 – Dec 23
Developed a responsive web application for browsing and purchasing books online. Implemented dynamic user interfaces using AngularJS and styled components with Bootstrap for a modern look.
Tech: Html, CSS, JavaScript, Angular.JS, Bootstrap
- **Gym website** Sep 23 – Nov 23
Built an interactive front-end allowing users to explore gym facilities, view membership plans, and book sessions. Focused on responsive design and user-friendly navigation to enhance user engagement. Utilized front-end technologies for visuals and Express.js for handling backend functionalities.
Tech: HTML tags, JAVASCRIPT and CSS, Node.JS

CERTIFICATES

- Mastering Data Structures and Algorithm using c and c++ course from Udemy Aug 24 – Oct 24
- Full Stack Development Using Mern stack From Cipher School Jun 24 – Jul 24
- Server-side JavaScript with Node.js from Coursera Mar 24 – Apr 24
- The Bits and Bytes of Computer Networking Course from Coursera Nov 23 – Jan 24
- Introduction to Hardware and Operating Systems from Coursera Sep 23 – Nov 23

EXTRACURRICULAR

- **Volunteer in Asha Kiran Divyang Siksha Sansthan(Himachal Pradesh)** Jun 23 – Jul 23
Coordinated with healthcare professionals, volunteers, and staff to ensure seamless execution of the camp. Provided direct assistance and support to mentally disabled children during a health camp organized by the NGO.

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.49 Since August 2022
- **DAV Public School** Hamirpur HP, India
Intermediate; Percentage: 77.6% April 2021 - March 2022
- **Laxmi International School** Delhi, India
Matriculation; Percentage: 75% April 2019 - March 2020
